# INTRODUCTION

With the November 3rd Election drawing near, we'll be regularly updating this social media toolkit and redistributing at every major benchmark. We want to be sure every Californian has the information they need to vote come November 3rd and trust in the process. We rely on partners like you to make that possible.

In the pages below, we outline key messages for the following 10 days. We work to give priority to topics at relevant times. For example, we'll want to push out registration related graphics heavily ahead of the deadline, before shifting gears fully towards voting related graphics. That said, please feel free to use any and all graphics in the **General Election Social Toolkit** as needed.

Any support will help ensure widespread awareness about our elections, and promote trust in the process and the outcome during these turbulent times. Thank you and please let us know if you have any questions!

# DIRECTIONS

1. Visit today's date.
2. We provide graphics and messaging optimized for each platform, or you can use the same across all platforms.
3. Plan to post the content (image and text) across each platform at the same time.
4. Alternatively, the Secretary of State's Office will be posting content daily as well, so you can repost from our account (handles below).
5. Post the content (image and text) across each platform at the same time.
6. As needed, visit the **General Election Toolkit** for a full collection of social content to use as needed.
